

DETERMINE YOUR HOUSEHOLD INCOME RANGE

If your household income is greater than \$99,600, use the chart below to find where it falls in relation to your county's median income. This will determine the cost, to you, of your home energy assessment (if any).

1. Find your county (this is where the home you wish to have assessed is located).
2. Use the corresponding columns to find the range that includes your household income.
3. Check the appropriate box on the front of the application.
4. Use your household income range from the chart below and use the **chart to the right** to determine the cost, to you, of your assessment (if any).
